1.0 *** Main Title:**
This is a test Protocol

2.0 **Additional Titles:**
Please separate each additional title with a line break to ensure that each appears on your approval letter legibly.

3.0 *** Principal Investigator:**
Investigator Investigator

4.0 **Protocol Sponsor (if PI is not a full-time faculty member):**
What is a Protocol Sponsor? Do I need one?

5.0 **Protocol Administrator:**
to manage the correspondence for the review of this protocol, enter their name and email address. He/she will also have the ability to submit annual renewal requests. This need not be an animal user, although the standard IACUC training is required for this role.

6.0 **Additional Personnel:**
List any additional personnel who will work on the protocol during the review process. Make sure to add any personnel who will use animals in the General Staff or Surgical Staff sections even if they are listed here.

7.0 **General Staff:**
List all non-surgical staff (including PI) who will handle animals.

8.0 **Surgical Staff:**
List all personnel (including PI) who will perform surgical manipulations.

Designated Reviewer Comment

You may want to designate someone to manage the correspondence for the review of this protocol

posted 16 days ago Edit • Delete

Resolve this thread

Reply to the reviewer note comment instead of adding a justification as in the prior ARO version:

Response Required Designated Review Request

Please review the information on required medical surveillance and training for your specific IACUC protocol. The list below shows all outstanding issues that must be addressed before your protocol can be approved.

Name - Test/Training - Last Performed
: BBP; expired 5/13/2024

NOTE: Medical surveillance or training items are outstanding as of 5/13/2024.

Bloodborne Pathogens Training (BBP)
Required: Annually
Details: Bloodborne Pathogens Training sessions may be completed online (<https://www.citi.pitt.edu>).

Reply • resolve this thread

Click REPLY to respond to the question.

The pop-up window can be moved around. Click and hold down the button on the mouse within the Note itself and it will move.

Please note that investigators can choose "Response Required" when adding a justification comment. If this is chosen you will not be able to submit your modification or responses to the reviewers' concerns.
