

Welcome University of Pittsburgh and UPMC Researchers

[General Information \(PDF\)](#)

[Instruction Sheet for Accessing and Navigating CITI \(PDF\)](#)

Helpful Information

1. Completion Reports:

CITI Training completion reports are transferred nightly to Pitt servers but access to electronic research systems may take 24-48 hours to be processed.

2. Browser Issue:

Users may experience some problems when using Internet Explorer version 9 with this CITI's platform. Until a fix can be provided, we are recommending users work in a different version of Internet Explorer or browser (e.g., Firefox, Google Chrome, Safari).

3. Transferring Credits:

CITI Training courses can be transferred but only if completed within the past 2 years and were not refresher courses. Please review the Instruction Sheet displayed before beginning the process. It is important to remember that users must select their Pitt curriculum and start the courses before the modules accepted are displayed as passed. In addition, Pitt requires, at a minimum, one additional module be completed for each course.
